## Notice Regarding Authorized Distributor Agreement with ASMPT SMT Singapore Pte. Ltd.

Shinwa Co., Ltd. is pleased to announce that we have entered into an authorized distributor agreement in Japan with ASMPT SMT Singapore Pte. Ltd., which is headquartered in Singapore.

Under this agreement, Shinwa will act as the authorized distributor in Japan for ASMPT's products and services related to surface mount technology (SMT), providing sales support and technical services to customers in the Japanese market. ASMPT was founded in 1975 and is a global top manufacturer of mounters and printers, with strong expertise in semiconductor and surface mount technologies. The company operates its business in more than 30 countries worldwide. Through this partnership, we aim to further accelerate business development in advanced semiconductors that support AI and data server applications, while strengthening our capabilities in equipment proposals and solution offerings to better meet customer needs.
